### COMMENTS / SPECIAL REQUESTS

Guard Abid shall perform reliever duty for one day in place of Guard Akhtar. Guard Akhtar is granted one day emergency leave due to his brother operation i.e. 22 September 24.

Guard Reliever - One Pager for Client

## INCIDENT REPORT

[Redacted]	
Date of Incident:	31 <sup>st</sup> August 2024
Time of Incident:	Around 1610 hours
Location of Incident:	[Redacted]
Description of Incident:	Water pump burned out

### Detailed Description:

At approximately 16:10, smoke was observed coming from a motor located on the kitchen side of [Redacted] house. The incident was first noticed by the household staff, who immediately informed the on-duty guard. The motor was promptly switched off to prevent further issues. The supervising officer has reported the incident to the control room.

### Detection and Response

- **Detection:** The household staff detected the smoke.
- **Immediate Response:** The on-duty guard force promptly and effectively switched off the motor, thereby preventing any further damage.

### Action:

- An electrician was called to inspect the motor. Upon inspection, the electrician identified that the water pump motor had burned out. The electrician has taken the motor for repair

### Actions Taken:

- Checking Supervisor Informed, COO and USS Security Operations Center
- CCC informed COO
- Incident report prepared and shared with client.

24/7 Ambulance with medical staff available for USS guard force and clients' staff on requirement basis

# Executive Protection

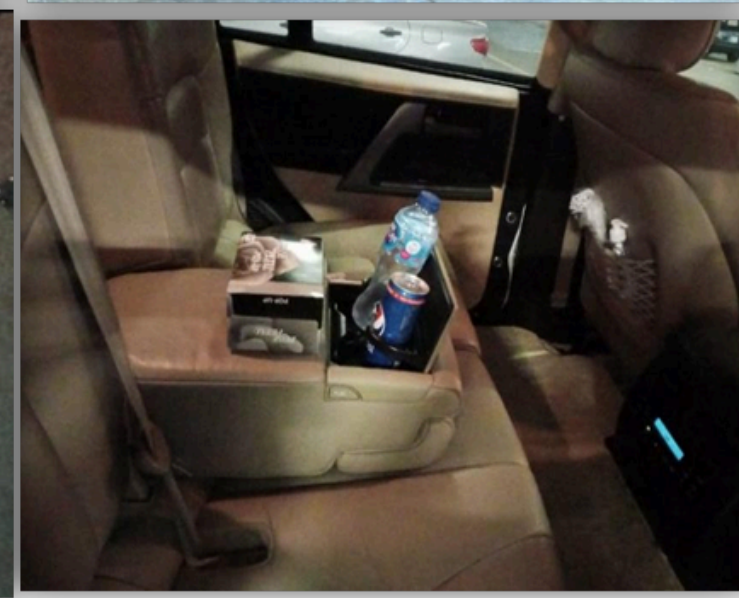

USS endeavors to ensure the Highest Quality Executive Protection (EP) Services coupled with an effort to achieve quality and optimum cost. To this end USS management consistently review EP deployment procedures and training programs to attain an equilibrium:

- Special Forces and well-groomed/educated civilian with EP background
- USS enroll & deploy qualified/well trained EPOs for EP Operations as per client's requirements duly vetted/recruited and trained by executive management.
- Induction training of five days specific to client's needs is imparted to EP team before deployment at project.
- Three refresher trainings conducted by USS training teams per annum (once in every quarter).
- Each training session comprises of thirty two (32) hours culminating at range practices at firing ranges making a total of ninety six (96) plus hours of training to each EPO in a year.

# AV/Transport Fleet

One of our distinguishing features is the USS fleet of bulletproof vehicles built to B6 Level, providing an unparalleled level of protection. We take immense pride in delivering a comprehensive security solution that encompasses the most robust measures available in the industry to create a secure environment for our clients

## GF-09

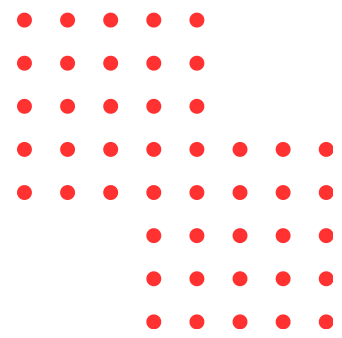

The GF09 GPS tracker is a portable, GPS-enabled device designed for tracking and monitoring the location of Individuals, vehicles, pets, and children for ensuring safety and security.

### Specifications

- Remote pickup, remote recording, APP
- Listening, voice recording, voice control callback, real-time tracking
- Electronic fence - 500 meters
- Low battery reminder
- Built-in strong magnetic
- Positioning accuracy: 10 - 50 meters
- Memory support: TF card 32GB
- Recording range: 80 square meters
- Platform view: SMS + APP
- Network standard: GSM / GPRS
- Available App on IOS & Android
- Built-in 250mah rechargeable battery
- 48 Hrs. Battery time
- Auto callback when voice is detected above 60db
- Auto callback when shock is detected
- Geo-fence alarm to give alert when GF09 moves out the preset area.
- Working temperature: -20 - 85 Degree Celsius.

**Back-up and Alternate of ER App**
